Disability RMS Named as 2009 Winner of Robert R. Masterton Award

Portland Regional Chamber of Commerce Adds Disability RMS to Roster of Distinguished Recipients

WESTBROOK, Maine — June 2, 2009 — Disability RMS, the nation's leading provider of turnkey disability risk management products and services, today announced that it has been named the 2009 recipient of the Robert R. Masterton Award. Presented annually by the Portland Regional Chamber of Commerce, the Robert R. Masterton Award for Economic Development honors an individual, business, agency, community or non-profit organization that has assisted in promoting or enhancing the overall climate of greater Portland.

“Just 15 years ago, Disability RMS was founded by three individuals who believed it was possible to build a successful business in southern Maine and give back to the community at the same time,” said W. Godfrey Wood, chief executive officer of the Portland Regional Chamber. “In the face of tremendous growth, Disability RMS has continued to demonstrate its commitment to the greater Portland community.” In announcing the award, the Portland Regional Chamber noted the company's continued growth has created and kept good jobs in the local community. It also recognized Disability RMS for encouraging its employees to volunteer their time to support local charitable organizations.

“We are very pleased to have been named the 2009 recipient of the Masterton Award,” said Matt Gilligan, president of Disability RMS. “To be counted among past recipients including L.L. Bean, National Semiconductor and Maine Medical Center is truly an honor.”

The Portland Regional Chamber of Commerce will present the Masterton Award at its annual dinner on September 24, 2009 (5-9:00 p.m.) at the Holiday Inn By The Bay in Portland. For more information about the event, please visit www.portlandregion.com.
